

Noam Hermon

Product Designer Based In Tel-Aviv

Experience

Dec. 2020 - Currently

Project Manager Serren - Group

The Serren Group company creates a wide range of innovative products and handles every aspect of R&D, from conception to production. As Project Manager I focused on process development and streamlining. My role required collaboration with R&D teams as well as our clients. As an industrial designer, I created and defined concepts for new products, ensuring functionality and efficiency.

Jul. 2020 - Summer Internship

Industrial Designer Peleg Design

The Peleg studio products are sold worldwide and designed to be used in homes, offices, and other living spaces. As an intern, I worked in a team of designers focused on creating products that combine functionality, aesthetics, and a sense of humor.

Volunteer

May. 2022 - Currently

Product & Web Designer Corridor Aid for Ukraine

The Corridor is a non-profit organization which manages evacuations of civilians from active war zones and brings humanitarian aid into Ukraine. As part of my activities, I provided a brand new design for the organization's main website.

Apr. 2022 - Jun. 2022

UX&UI Designer Max Initiative

MAX is an educational impact entrepreneurship program developed in collaboration with a non-profit organization aiming to provide technical solutions to social problems in the community. During my volunteer experience, I designed end-to-end MVP product and collaborated with technical and strategic counterparts to ensure quality, consistency, and feasibility across all experiences.
